

CONCORD[®]
The Right Choice. Right Now.

4AC18
AIR CONDITIONERS

MAKE A GREAT DECISION TODAY,
AND ENJOY IT FOR YEARS TO COME.

**RELIABILITY AND QUALITY ARE
ALWAYS THE RIGHT CHOICE.**

Finding a reliable, efficient heating and cooling system doesn't have to be complicated. Lab-tested for toughness, and designed to deliver substantial comfort and yearlong efficiency, Concord® is a smart, simple decision every time.

SOME DECISIONS ARE TOUGH. THIS ONE ISN'T.

When you consider Concord systems, quality and value are givens. You're getting peace of mind with great features and smart designs that squeeze more efficiency out of every energy dollar. And best of all, you get it right now.

Two stages of cooling open up infinite possibilities for your comfort and your savings.

The Concord 4AC18 air conditioner has two stages of cooling: high and low. Most of the time, the unit runs at the lower setting, resulting in more even temperatures and greater energy savings. But on hotter days, it can ramp up to a higher output to maintain your set temperature. When paired with a matched variable-speed indoor component, you get the added benefits of quieter operation and greater humidity control.

A Concord air conditioner saves you energy and money from the first day it's installed.

At 18 SEER, the 4AC18 is extremely efficient. The Seasonal Energy Efficiency Ratio is an energy efficiency rating for air conditioners. The higher the SEER, the better the energy performance, the more you save.

Over the years, a hardworking Concord air conditioner can save you hundreds of dollars on utility bills.

U.S. Average Five-Year Electric Cumulative Energy Savings for High-Efficiency 18 SEER Heat Pumps vs. 10 SEER. Energy Efficiency and renewable Energy Network, U.S. Department of Energy. The U.S. national average is used for electricity consumption. Actual cost savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, installation of equipment and duct system, hours of operation and local utility rates. This information is intended as an example for comparison purposes only.

Concord comfort is even soothing to your ears.

The fan blades and heavy-duty compressor sound blanket in the 4AC18 are designed to deliver whisper-quiet performance. As an added measure of comfort, the two-stage scroll compressor offers smooth and reliable operation, even when running at full capacity.

THE FULL-FEATURED CONCORD® 4AC18 IS THE RIGHT CHOICE, RIGHT NOW.

- 18 SEER exceeds federal energy efficiency standards and assures you substantial energy savings, even during the hottest summer months
- 10-year limited warranty on the compressor and parts* means lasting peace of mind
- Efficient, two-stage compressor is designed to operate at lower speed most of the time for quieter, money-saving operation
- Entire unit is 100% factory run-tested to help deliver the highest possible level of reliability
- Permanently lubricated condenser fan motor needs no annual maintenance
- Heavy-duty compressor sound blanket lowers operating noise

**Applies to residential applications only. For terms, conditions and exclusions, see full warranty at alliedair.com.*

MAKE THE CONCORD DECISION FOR IMMEDIATE RELIEF AND LONG-LASTING COMFORT.

When you think about everything Concord delivers, your decision is no decision at all. Don't wait for cool relief. The performance and reliability you want are right here, and ready to go to work.

Concord. It's the right choice. Right now.
